

15th ICIS World Olefins Conference

8 March 2023 – Vienna, Austria

ICIS and the Olefins Industries

With decades of experience analysing various polymer feedstocks, the 15th ICIS World Olefins Conference provides the ideal platform for olefin businesses to discuss critical topics and connect with industry peers.

As a conference attendee, you will also benefit from exclusive industry insight, into the biggest talking points of the market. With the conference returning for the first time in four years the event also provides valued face-to-face network with key players in the Olefins market, that can help to drive your business forward.

Co-locating

The ICIS 15th World Olefins Conference and the 164th EPL Event will be co-locating their events at the Hilton Vienna Park Hotel, Austria. The conference will run on the 8 March and the EPL Event from the 8-10 March.

By co-locating, those attending both the ICIS conference and EPL event will benefit from a unique opportunity to network and connect with a diverse group of professionals from both events and experience valued insight on the industry's biggest talking points.

This is a great chance for industry professionals to expand their network and learn, by allowing delegates to fully immerse themselves and maximise the most of their trip to Vienna.

****Registrations should be made separately.****
